FOREWORD

DEAR FRIENDS AND CUSTOMERS:

It gives us great pleasure to send you our 1955 Spring Catalog. It is the most complete listing of our stock that we have ever put out. All stock listed is the very best you can obtain anywhere and at very reasonable prices. We believe it will be to your benefit to look through this catalog at once and pick out those items you need and send your order to us as soon as possible. This will assure your getting what you want and it will be sent at the proper planting time for your locality.

Postpaid Policy

We prepay shipping charges on all stock (unless otherwise marked) providing your order totals five dollars (\$5.00) or more. On all orders less than \$5.00 please include fifty cents (50c) for packing and handling.

Please Observe When Ordering

1. All price lists issued prior to this catalog are hereby cancelled.
2. Prices are subject to change without notice.
3. All orders are accepted subject to stock being available at time of delivery and will be shipped in ample time for safe planting.

Terms

CASH: Send Postoffice, Bank or Express Money Order, Bank Draft, or Personal Check. No orders will be shipped C.O.D. (except shipping charges where indicated in catalog.)

Wholesale

We do not issue a separate wholesale catalog but from time to time we do have surplus stock on many items on which we can quote prices to trade only. If you are a dealer, please write for wholesale prices and quote your needs.

Guarantee

We guarantee all the stocks we sell to be true to name, nevertheless, it is understood and agreed that should any stock prove untrue to name this nursery shall not at any time be liable for any sum greater than the amount received.

Conditions governing life of stock after it has left our hands is beyond our control and we make no guarantee as to life of plants we sell. However, in accordance with recommended policy, replacements will be made at half price on any item which fails within 90 days of receipt through no fault of customers. No adjustment after lapse of that period.

FAIRLEY'S LANDSCAPE SERVICE

Fairley's Nurseries maintain a free landscape consultation service. We will call on you in your own yard and offer suggestions on designing and planning your home surroundings. Advise on horticultural problems and care of plants is also offered. This service is very flexible and is custom tailored to fit the needs of each individual family. A suitable, functional design can be worked out to fit any budget. There is no charge for this service within our usual free delivery area.

We can save you 30 to 50% when you buy direct from us, the growers. Terms may also be arranged . . . Phone 3-6701 today for an appointment.

VIBURNUM (Burkwoodi). Fragrant pink and white bloom. Can be kept in compact form by pruning	3.50

VINES

Vines are useful in many ways. Use them for covering fences, rock walls, banks and trellises.

BITTERSWEET (*Celastrus Scandens*). Rapid growing vine with heavy foliage and crimson berries all fall and winter. Excellent for winter bouquets. 3-year plants.

Each \$1.50

CLEMATIS. A partly shaded location suits Clematis best. Should be planted in rich, well drained loam. We are offering you seven of the best varieties in the large flowering types.

Each \$1.50 or 3 for \$4.00

1. **Crimson Star**. Rich red
2. **Duchess of Edinburgh**. Double pure white
3. **Jackmani**. Rich purple.
4. **Gypsy Queen**. Dark purple
5. **Mme Baron-Veillard**. Large lavender
6. **Montana Rubens**. Pink (rapid grower)
7. **Ramona**. Lavender blue

SILVER LACE VINE

HEDGE PLANTS

Not Postpaid

PRIVET. California — Vigorous grower.
12 to 18 in. Per 100 25.00

English — One of the best.
12 to 18 in. Per 100 25.00

BARBERRY. (Red-leaved). 18 to 24 in.
each 1.00

BOXWOOD. Makes beautiful low hedge.
3 sizes 50c 75c 1.00

CONIFERS. In addition to the above Deciduous Hedge Plants, we wish to recommend the following Evergreen shrubs for hedges and screen purposes: **Arborvitae**, **Cypress**, **Juniper** and **Yew**. These are available in several varieties and sizes. each \$3.50 to 7.50

HONEYSUCKLE. **Halls Japan**. Fragrant white flowers, blooms June to November.

Each \$1.50

Heckrotti. Large fragrant flame red trumpets lined with gold. Blooms early summer until frost.

Each \$1.50

IVY. **English**. Evergreen glossy foliage. Fine for brick or stone buildings.

Each 50c

SILVER LACE VINE. Unusually charming. Climbs gracefully anywhere, will grow 25 ft. in one season. White sprays of flowers completely cover the plant in late summer and fall.

Each \$1.50 or 3 for \$4.00

TRUMPET CREEPER. Rapid grower; blooms a long red trumpet shaped flower.

Each \$1.50 or 3 for \$4.00

WISTERIA. Blooms are long flower clusters 18 to 24 inches in length. Three colors: Pink, purple or white.

Each \$2.00

CANNAS

These lilies are unexcelled for large borders; their foliage is most attractive and somewhat resemble the foliage of various tropical plants. They bloom over a long period and make a magnificent display for small cost. They can be grown in almost any soil but prefer one that is rather heavy. Where there is danger of freezing they should be dug after the first frost and stored the same as Dahlias.

We are offering these in pots, started for earlier blooming. Red flowering.

Each 35c 3/\$1.00

PLANTS

Potted for use in flower beds, window and porch boxes.

LILY OF THE VALLEY

PHLOX

Coniferous Evergreens

Our Evergreens are produced under most favorable conditions assuring a strong, fibrous root system, good shape and color. We have one of the largest stocks of Evergreens in the Northwest. Space does not permit us to list all the varieties and sizes available. We invite you to visit our Nursery and inspect our stock. Dealers write for wholesale prices.

All Evergreens are shipped transportation charges collect.

ARBOR VITAE (Thuya)

AMERICAN (Occidentalis). The common upright variety used as single specimen, slightly larger in growing habit than the pyramid arbor vitae. 3 to 4 ft. 5.00
5 to 6 ft. 6.00

BERCKMAN'S GOLDEN (Orientalis Aurea Nana). Very dwarf, golden, globular, unexcelled for foundation planting or for edging. Slow grower, very symmetrical.
10 to 12 in. 2.50
12 to 15 in. 3.00
15 to 18 in. 3.50
18 to 24 in. 4.00

BAKER (Bakeri). A bushy evergreen of columnar or pyramidal habit. Foliage is green in summer, assuming tones of bronze and brown in winter.
15 to 18 in. 2.75
18 to 24 in. 3.00
24 to 30 in. 4.00
30 to 36 in. 5.00

PYRAMIDAL (Occidentalis Pyramidalis). A dark green foliage, columnar habits, dense and compact. One of the most desirable shrubs for corner plantings. Naturally well shaped. 2 to 3 ft. 4.00
4 to 5 ft. 5.00
5 to 6 ft. 6.00
6 to 7 ft. 7.50

WOODWARD GLOBE (Occidentalis Woodwardi). Dwarf, dark green, globe-shaped. Very hardy for foundation plantings.
12 to 15 in. 2.75
15 to 18 in. 3.00
18 to 24 in. 4.50

CYPRESS

BIRDNEST (Nestoides). Definitely low growing, very compact. Useful along walks and driveways and also used in outside planter boxes. 10 to 12 in. 3.00
12 to 15 in. 3.50
15 to 18 in. 4.00

ELWOODI. Blue, upright, dwarf. Fine foliage and deep green color throughout the year. Not hardy in high altitudes.
15 to 18 in. 3.00
18 to 24 in. 3.50
24 to 30 in. 4.50
30 to 36 in. 5.50

LAWSON (Cham. Lawsoniana). Green, and strong grower. Used very successfully for tall screens. 24 to 30 in. 3.50
30 to 36 in. 4.00
3 to 4 ft. 4.50
4 to 5 ft. 5.50

WISSEL. Columnar, very dark green. Irregular growing habits make it distinctive.
20 to 30 in. 4.00
30 to 36 in. 5.00
3 to 4 ft. 6.50
4 to 5 ft. 8.00

JUNIPER

ANDORA (Horizontalis Plumosa). Very low growing habit, bluish color throughout the summer, changing to purple tones for the winter. 12 to 15 in. 3.25
15 to 18 in. 4.00

MEYER (Squamata Meyeri). Foliage a striking blend of gray and silver-gold turning to rich violet shades in winter. The growth is irregular, making it excellent for rock gardens or front of a foundation planting.
15 to 18 in. 3.00
18 to 24 in. 3.50
24 to 30 in. 4.00
30 to 36 in. 5.00

PFITZER (Chinese Pfitzer). Attractive gray-green foliage. Low semi-sprawling. Very attractive and hardy. One of the best for mass planting. 12 to 15 in. 2.75
15 to 18 in. 3.00
18 to 24 in. 4.00
24 to 30 in. 5.00
30 to 36 in. 6.00

PFITZER'S GOLDEN. This type grows almost flat. Very similar to the one above except it has golden variegated foliage.
12 to 15 in. 3.50
15 to 18 in. 4.00
18 to 24 in. 5.00

SAVIN (Sabina). A semi-spreading, many-branched conifer, growing to a height of 4 ft., very hardy and with good green coloring the year around. First choice for use under windows, around porches or any place where a vase-type shrub is desired.
12 to 15 in. 2.75
15 to 18 in. 3.00
18 to 24 in. 4.00
24 to 30 in. 5.00
30 to 36 in. 6.50

SPINY GREEK (J. Excelsa Stricta). A low-growing pyramidal. 15 to 18 in. 3.00
18 to 24 in. 3.50
24 to 30 in. 4.50
30 to 36 in. 5.50

TAMARISCIFOLIA. A bright bluish-green throughout the year, very symmetrical and compact in form and growth, seldom gets over 15 to 18 in. high, spreading slowly. Good in rockeries, terraces and side of entrances. 12 to 15 in. 3.50
15 to 18 in. 4.00
18 to 24 in. 5.00
24 to 30 in. 6.00

PINE

MUGHO. Popular, slow-growing dwarf mountain pine making a rugged compact shrub 3 to 4 ft. high. Sends up numerous stems from the base, long needles of a rich dark green. Suitable for rockery or specimen planting. 10 to 12 in. 2.50
15 to 18 in. 4.00
18 to 24 in. 5.00

CONIFEROUS EVERGREENS - (Contd.)

SPRUCE

ALBERTA (*Picea Albertiana*). Sometimes called *Glauca Conica*. True pyramid and very dwarf. Good for formal effect in terraces and rock gardens, also outside planter boxes. 12 to 15 in.3.00
15 to 18 in.4.00
18 to 24 in.5.00
24 to 30 in.6.00

COLORADO BLUE (*Picea Pungens Glauca*). Excellent specimen tree for lawns. Horizontal branches with close set steel blue needles. Very symmetrical. Hardy, slow-growing. 15 to 18 in.4.00
18 to 24 in.5.00
24 to 30 in.6.00
30 to 36 in.7.00
3 to 4 ft.8.00

NORWAY (*Picea Excelsa*). A rapid growing, symmetrical, erect tree. Short, dark green needles. A favorite outdoor Christmas tree. 18 to 24 in.3.00
24 to 30 in.3.50
20 to 36 in.4.00
3 to 4 ft.5.00

NEST-SHAPED SPRUCE (*Picea Excelsa Nidiformis*). It is of very dense form with branchlets in tight layers, the whole forming a dense impenetrable head. This is one of the truly dwarf Evergreens.

9 to 12 in.2.50
12 to 15 in.3.25
14 to 18 in.4.00

YEW (Taxus)

HICKS (*Taxus Cuspidata Hicksi*). Dense green foliage, very erect and slim in growth with attractive red berries.

18 to 24 in.4.00
24 to 30 in.5.00
30 to 36 in.6.00
3 to 4 ft.7.00

SPREADING YEW (*Cuspidata*). Spreading horizontal branches covered with deep green foliage. Good in foundation plantings.

12 to 15 in.3.00
15 to 18 in.4.00
18 to 24 in.5.00
24 to 30 in.6.00

Chrysanthemums

HARDY ENGLISH VARIETY

We are listing all of our English "Mums" in one price range. Many of these will be selling elsewhere for two to three times the price we are asking. Order early to be sure to get the named variety which you want. We will begin shipping Chrysanthemum transplants about April 20, 1955.

35c Each 12 for \$3.50 25 for \$6.50

Postage Paid on Orders of \$5.00 or More

Choose from the following list:

ALANA. Fine crushed strawberry pink. Large flowers of outstanding beauty. Slightly incurved. Starts blooming in Sept.

ALFRETON YOEMAN. One of the newer varieties. Beautiful lavender-purple with silver reverse. Fine firm incurving florets. Straight stiff stems with giant seven-inch blooms with some disbudding. Sept.

ALPINE. A pure white of nice size. Was an award winner in England. Suitable for cut flowers. Medium early bloomer.

AMBER CROWN. Bright golden amber flowers with broad petals and quite tightly formed. Strong stems. Blooms about Oct. 1.

ANCASTER PINK. Imported from Ancaster, Ontario. New in '52 and is an outstanding pink in its class.

ARNHEIM. A fine large bloom of bright reddish amber. Very early and one of the nicest ones we grow. Very popular in your flower garden. Aug.

AUGUST GLORY. An August blooming large golden bronze incurve. Recommended for areas which have early frosts.

AUGUST PINK. Lovely shade of clear rich pink. Vigorous grower with nice large blooms. Blooms in August.

AUGUST RED. Fine large extra double firm flowers in a nice shade of red. A most popular variety and a fine companion to the two just listed. Disbud for large blooms.

BALCOMBE BRILLIANT. Very fine flowers of brilliant red. Nice large flowers that are freely produced. Should be disbudded for best results.

BALCOMBE ORANGE. Very bright orange with golden reverse and golden splashes in center of flower. Flowers are large and reflexing with broad petals. Sept.

BALCOMBE TRIUMPH. Large solid slightly incurved bright red flowers with bronze reverse. Really a triumph of loveliness. May be disbudded.

BRAVADO. Crimson-scarlet with golden-bronze reverse. Does not fade. Is of excellent habit and a strong grower.

BRIDESMAID. A fine large blush pink suffused with light salmon. Truly as lovely as the name. Flowers 5 to 6 inches across if disbudded. Sept.

BRONZE EARLY BUTTERCUP. A variety that has always been a good seller. Rich deep bronze with golden reverse. A fine incurve that should be disbudded for best results.

BRONZE PRECOSE. Rich bright bronze ever-blooming from July until frost. Not as tall as some of the others so is very suitable for the front of the "Mum" garden.

BRONZE SWEETHEART. A very rich bronze with lots of gold tints. Needs no disbudding. A fine one for cut flowers. Aug.-Sept.

CARLOTTA. Rose-cerise with old gold reverse—a lovely unique color which has been greatly admired. Flowers are large with pointed reflexing petals. First class exhibition variety. Sept.

CHAMPION. A distinctive clear yellow of good size with wide firm petals and nice straight stems. Perfect habits. Sept.-Oct.

CHATTSWORTH. Copper-bronze in one shade throughout. Makes an excellent market flower as the flowers are medium sized and very well formed. Aug.

CONSTANCY. Fine large cream white flowers of reflexing form. Should be disbudded for best results.

COPPELIA. A startling shade of Indian red which does not fade. Fine stiff stems and does just as well if not disbudded.

CORN COB. Bright tangerine-orange. Large flat flowers of good form and substance. September blooming.

CREAM DUCHESS. Cream shading to lemon yellow in the center of the bloom. Classed as an exhibition flower if disbudded. Sept.

DAUNTLESS. A showy bright orange. Very nice sized flowers with lots of substance. One of our outstanding varieties. Sept.-Oct.

DAYDREAM. Beautiful pale salmon flowers with nice reflexing form. Large 6 in. blooms which stand up through fall weather. Disbud for larger blooms. Sept.

DELIA. Medium shade of rose-pink and full reflexed flowers of immense size. Has broad petals of wonderful incurving texture. Another exhibition number if disbudded.

DOROTHY SPEAT. Superb shade of pink with golden salmon centers. Petals are rolled and reflexing. Sept.

DOROTHY VERNON. Another of the pinks with good full flowers. A sturdy grower. Sept.

EDENSOR. Creamy white reflexing flower with extra firm tinted petals. Fine for cut flower market. Sept.

EMPIRE WHITE. A first class incurved white of great beauty and refinement. Splendid upright habits and best if disbudded. Sept.

EVANGELINE. Produces lovely large pink flowers in great profusion. Has nice long stems, and foliage is a shining dark green. Excellent for cutting. Canadian introduction. Aug.-Sept.

FAIRMAID. Very large blush-pink—7 inches across if disbudded. Strong grower and fine texture. Sept.

FLORENCE HARWOOD. A bright rose with golden center overlaid with a suspicion of bronze, making a striking combination. One of our best. Sept.

FORWARD. A fine silvery pink with stiff petals and stems. If disbudded you will have an exhibition flower 6 inches across. Very popular. Sept.

FRED YULE. An excellent orange-bronze of incurving form. A most pleasing color and grand for exhibition. Sept.

GIFT. Rose with yellow center—very attractive combination. One of our newer Mums which visitors have liked.

CHRYSANTHEMUMS - (Contd.)

GOLD STANDARD. A fine golden yellow of the incurved variety. Equal to greenhouse varieties if disbudded. Plants and stems are strong and vigorous. Sept.

GOLDEN EAGLE. A light creamy yellow, large deep shaggy blooms that must be disbudded for best results. A truly lovely Chrysanthemum. Sept.

GOLDEN WEST. Semi-incurved, large flowers of old gold. Good habits and fine for cutting. Sept.

HADDON. An effective shade of salmon terracotta. Medium sized flowers are produced in great profusion, literally covering the plant. Early blooming.

HAROLD PARK. Stylish incurving bloom of buttercup yellow. One of the newer ones which blooms early.

HIGH COMMAND. Deep mahogany-red with gold reverse. A superb incurving sort which grows strong and vigorous. Sept. blooming.

HOPE VALLEY. Pale mauve-pink which stands the weather well and is useful as a market variety. Early.

IMPERIAL. Fine large round blooms of golden yellow. One of the earliest yellows. Best if disbudded. Aug.-Sept.

JEANETTE. Burgandy flowers of medium size with nicely reflexed petals. The long stems make it desirable for cutting. Very popular. Canadian introduction. Sept.

JOYCE. A warm rosy salmon with nice reflexed blooms. Flowers are large and firm and of medium height. Sept.

LAERETES. Fine slightly incurved deep glowing wine-red. Reverse of petals has a silvery cast. Fine spray variety. Sept.-Oct.

LOVELACE. A bright medium sized prolific pink with nice wirey stems which make it exceptionally well suited for cutting. Sept.

LUSCIOUS. Apricot suffused bronze flowers—extra large and one of the very good early varieties. Aug.-Sept.

MADAME BUTTERFLY. White with an overlay of bluish pink and creamy centers. Outstanding among the white varieties. Sept.

MARCELLE. A delicate shade of pink, large reflexed blooms with firm petals. Very pretty and blooms in early Sept. until frost.

MARION. White shading to canary yellow centers. Large 6 inch reflexing blooms when disbudded and is suitable for cutting and market sales. Sept.

MARY ROSE. A new Mum which is old rose color throughout. Blooms are large and reflexing. Aug.-Sept.

MAVOUREEN. Lovely lilac-pink full robust flowers—will measure 6 inches across if disbudded. Sept.

MERRY DEW. This Mum is bright red-bronze with gold reverse. It is a good grower with fine stems and foliage. One of the newer ones.

MINSTREL. An intense crimson-maroon that blooms early. Best if disbudded. Good in sprays and other floral arrangements.

MONSAL DALE. Creamy-pink reflexed flowers of large size. This Mum has small foliage and stands the weather well.

MONSAL HEAD. Truly a fall color of bright orange. Nice branched foliage. First time we have offered this Mum for sale. Sept.-Oct.

MRS. J. PHILLIPS. One of the older Mums but one that stands the test of time. A deep purple incurve that is distinctive in its color class. Sept.

MRS. J. PEARSON. One of our earliest bronze Mums which we have calls for the entire planting season. A good standby. Sept.

OLDLAND SCEPTRE. Fine, large, incurving flowers of rich yellow. Excellent show variety. Only second year we have had these plants to offer the public. Early.

ORANGE LOVELACE. Glistening orange sprays of medium-sized blooms. Good growing habits and another of our newer ones. Sept.

ORANGE SWEETHEART. Orange sport from Salmon Sweetheart. You need this one to make your "Sweetheart Collection." Early blooming.

PAPRIKA. Bright sparkling orange-bronze flowers are produced in great array in nice sprays. Pompon type, making it desirable for front of border. Canadian introduction. Sept.

PERFECTION. Large creamy-white incurve. Very shapely and is a good one for floral work and cutting. Aug.-Sept.

POLAR BEAUTY. One of our newer Mums which is white with cream center. Medium-size blooms on well branched stems. Sept.

PRECOSE SUPREME. Outstanding purple which blooms during the summer and continues on until frost. Recommended for areas of early frost.

PRESIDENT. Bright red flowers which are reflexing and of medium size. Low growing and sturdy habits of growth. Sept.

PRUNELLE. A Canadian introduction last year. Pompon type flowers in sprays of attractive shining ruby with a suggestion of purple. Compact and suitable for front of border.

QUAKER MAID. Another of our older Mums which has never been replaced or duplicated. Bronze-red marked with bright gold. Aug.-Sept.

QUEENIE. A fine white Mum with yellow shadings. Must be seen to be appreciated. Good growth habits and suitable for cutting. Sept.

RED SWEETHEART. Bronzy red flowers with gold reverse. Early and fine for cutting. Aug. and Sept.

RONALD. Rich plum crimson—an attractive new shade—blooms of stylish quality on long stems. Has won several English awards.

ROSE O'DAY. Produces masses of rose-pink flowers. The habit and foliage are ideal grown under ordinary garden conditions. Makes an excellent potted plant. Canadian introduction. Sept.

ROSE PRECOSE. This precose is low growing of rose-pink. Blooms early and is a strong grower. Aug.

RUBY. Nice large ruby red flowers on beautifully shaped plants. Nice flowers for either disbuds or in sprays. Sept.

SALMON LOVELACE. Bright salmon flowers of medium size. This is a "sport" of Lovelaces. Hardy and a good standby. Medium early bloomer.

SALMON PRECOSE. A dandy garden variety which blooms from July on until frost. A good salmon color and good growing habits.

SALMON SWEETHEART. A lovely salmon "sport" of Sweetheart. Fine early cut flower variety. Aug.-Sept.

SAMARKAND. This very bright, rich bronze is a vigorous grower. The large, reflexed flowers are carried on good strong stems.

CHRYSANthemUMS - (Contd.)

SEA GULL. Fine large white solid flowers. Large if disbudded. Blooms in late September. One of the newer ones.

SEA ROSE. Beautiful extra large cactus shape blooms of rose-pink. If you are looking for a new pink, this is it. Sept.

SERENUS. A fine large flowering white. Buds are tinted pink before opening. An excellent grower.

SPARKLER. Produces masses of bright red flowers. Plant is quite low-growing and gives a striking effect in the border.

SYMPHONY. In the "Mum" field this one has no duplication. A very distinctive type of coloring—creamy yellow tipped with lavender-pink. Solid blooms on nice erect stems which are suitable for cutting and floral work. Sept.

THE SWAN. This is a large flowered white with good stems and foliage. Petals are quilled and spiky, giving a fluffy airy effect. Canadian Introduction and the first time we have offered it for sale.

TIBSHELF SHELL. A soft shell-pink which combines very well with so many of the others for bouquets and floral work. Good stems and foliage. Early Aug.

TYPHOON. One of our oldest ones but one of the best in its color class. Blooms fine rich crimson red which does not fade. Sept. blooming.

VICTORIA. A creamy white of outstanding quality. We can recommend this one for cutting and display. Sept.

VERNON. Pink with light yellow center. Grows quite tall with long stems. Sept.

VANITY. Crushed strawberry shading to cream—outstanding in your Mum garden. Sept.

VANGUARD. Deep crimson with gold reverse. Distinctively different. Sept.

WHARFDALE BRONZE. Fine large slightly incurved bronze. Sept. blooming.

WHITE EAGLE. Shaggy cactus like blooms of white. Blooms are larger if disbudded. Sept.

WHITE SPLENDOR. Another large white one which does better if disbudded. Sept.

YELLOW BALL. Just as the name implies, a yellow bloom in shape of a ball. Good one for color harmony in your Mum garden. Sept.

YELLOW WENDY. Charming yellow "sport" of Wendy. Early blooming. Aug.

AMERICAN VARIETIES

The following Mums have been originated in this country by prominent growers and we offer them to you very highly recommended for their superior growth habits and their outstanding color array.

35c Each 12 for \$3.50 25 for \$6.50

ARAPAHOE. Huge flowers which needs no disbudding. Rich red with reddish-bronze reverse. Petals are long and strap-like with slight waviness which gives them an informal appearance. Withstands repeated frosts as low as 25°. Continual bloomer.

AVALANCHE. This is a large fully double white with creamy center when opening. Has a distinct place in your "Mum" garden. September blooming.

AZTEX GOLD. New in 1951. Compact habit, double clear lemon-yellow. Suitable for cutting as well as the garden. Early October blooming and frost resistant.

CANARY WONDER. Lovely canary yellow sport of White Wonder. Excellent long stems for cutting. Late Sept.

CARMINE QUEEN. The best red pompon. Nicely shaped tall plant, fine for cutting. Mid-Oct.

CECIL BEED. An unique purple and of ideal habit, producing sprays suitable for cutting. It is admired by all visitors. Blooms in early Sept.

FAIRBOW. Heavy blooming lavender pink pompon. Splendid upright growth makes it a good cut flower. Early Sept. University of Chicago introduction.

GEN. MacARTHUR. Fully double blooms of coppery red. A very husky and showy early flowering variety.

GLADNESS. Much branched 15-18 in. plants, fully double 2 in. flowers of China rose. A real showy early September bloomer.

GLOWING COALS. Dark cherry red with orange reverse. Well branched plants—good cutter. One of the best early reds. Mid-Sept.

HUNTSMAN. Vividly brilliant scarlet-orange overcast with bronze. A grand fall colored flower—about 3 in. across. Lusty and hardy and a prolific bloomer. Early Oct.

LORENZO. Rich, shining dark Dianthus-purple with quilled petals. First time we have offered this one for sale. Very desirable.

MALINDA BROWN. A magnificent rose-pink with strong lavender undertones. Flowers are globular and mounded at center. Sept.

MARIONETTE. Rust red pompons on nicely branched 2-foot plants. Nice for cutting.

MEDITATION. Full double blooms about 3 in. across. Firm two-toned flowers of light Jasper-red and maize-yellow with orange reverse. When mature the flowers are clear bright reddish-peach. Excellent cut flower. The 1948 "Mum of the Year." Early October blooming.

NEW PHILADELPHIA. Deep rose on tall stems. Always healthy and is super hardy. Early Oct.

NOKOMIS. A large pompon with full compact flowers of Indian-red fading to bronze as it ages. Late Sept.

ORIENTAL GLORY. Large double blooms of brilliant oriental red. Good variety for cutting. Sept.

OSCEOLA. A University of Nebraska Introduction. Long stemmed 3-inch flowers of bright yellow during early blooming season which take on coppery hues with the arrival of cool weather. Mid-Aug. until frost.

PONCA. Attractive sprays of double blooms resembling pompon Zinnias in form of purplish red shade. Very frost tolerant.

VIGILANT. Mahogany-red with gold reverse. Large flowers with broad petals. An ideal show flower. Sept.

W. P. SNYDER. This American variety is a large pompon of apricot-pink. Is a strong grower of medium height. Sept. blooming.

SPoons

The Spoon Chrysanthemums are very unusual and interesting. Each petal is a tiny hollow tube or quill that flattens out at the end into a tiny spoon. On some varieties the tube and spoon are the same color and in other varieties the tube is one color and the spoon another.

Customer's Choice — Each 35c 12 for \$3.50

Postpaid If Order Amounts to \$5.00 or More

APRICOT SPOON. Pleasingly different spoon with tubes of apricot bronze and spoons of apricot rose. Very frost resistant.

CARDINAL SPOON. An outstanding different spoon with greenish gold tubes and cardinal red spoons. Good sized flowers.

FUSHIA SPOON. A bold 3½-inch flower of sparkling fuchsia rose. A fine sturdy free-flowering variety.

GARNETT SPOON. One of the finest spoons — garnet spoons with reddish purple tubes. Very striking. Oct.

IVORY SPOON. Silver glossed ivory.

JASPER SPOON. Combination of rich bronze and yellow.

LILAC SPOON. Large wide petaled flowers of lilac pink with silvery white tubes. Very lovely.

LOVELINESS SPOON. A grand new carmine-pink spoon, and outstanding lovely variety with nothing else like it.

MAGNETA SPOON. Lovely magneta rose flowers in profusion. Spoon is rose and the tube is silvery white.

ORCHID SPOON. Lavender pink which makes a pretty feathery filling in bouquets of large flowers.

PUMPKIN SPOON. New of 1952. Densely branched plant with 3-inch blooms of persimmon orange aging to stafford yellow. Sept.

WHITE SPOON. Like other spoons with tiny yellow quills and little flattened spoons on the end of each quill.

YELLOW SPOON. Like orchid spoon only the color is yellow.

Cushion Chrysanthemums

Price: Each 35c 12 for \$3.50

Postpaid If Order Amounts to \$5.00 or More

A group of low-growing Mums, forming mounds of blooms reminding one of the old-fashioned Azalea. The plants grow from 12 to 18 inches high and have a spread of from 2 to 2½ feet. The flowers appear early in September and remain on the plants over a long period.

AMELIA CUSHION. A bright pink. "Mother" of all the Cushions. Aug.-Sept.

DEFIANT. Rosy purple mound of flowers. Aug.-Sept.

EARLY JOAN HELEN. An early blooming violet colored Cushion with a yellow center.

ETERNAL SNOW. Erect little plants of early white. First time we have had enough to sell. Aug.-Sept.

EDGAR A. GUEST. A new bronzy red. Aug.-Sept.

EXETER. Another new Cushion of fluffy quilled yellow—very dwarf.

HEATHERBLOOM. English dwarf Cushion. Large strawberry pink, blooms on dwarf Cushion-like plant. Very lovely. Aug.-Sept.

LADY JANE CLARK. A lovely dwarf Cushion of English origin. A lovely lavender pink, very early. Aug.-Sept.

LITTLE BOB. A lovely rosy salmon that is very new. Aug.-Sept.

MAJOR. An early cushion of bright salmon pink. Aug.-Sept.

ORCHID HELEN. Orchid-pink flowers of unusual beauty. The plant is very vigorous and upright. Early Sept.

QUEEN CUSHION. A white Cushion that makes a good combination for Cushions. Aug.-Sept.

RED GOLD. Red-orange-gold Pompons. Sept.

ROSE MOUND. A lovely lavender rose button grows in a lovely Cushion. Another new variety. Aug.-Sept.

SANTA CLAUS. Large red double blooms with red centers. Aug.-Sept.

SPARKLE. One of the best new Cushions, 12-inch mounds with two-toned orange-scarlet and golden yellow.

SUNSET. A pretty tight yellow Pompon on low bushes.

TECUMSEH. A superior Mum. Color is erythrite red changing to buff bronze with pink shadings during hot weather. Blooms from early August until heavy frost. University of Nebraska Introduction.

YELLOW SUPREME. The best of the low-growing bright yellows.

Button Chrysanthemums

This type is especially good for cut flowers. Each flower is about an inch across and is produced in large clusters and sprays. Most of them are September blooming.

Customer's Choice — Each 35c 12 for \$3.50

Postpaid If Order Amounts to \$5.00 or More

ARGONNE. Mid-season. A full rounded Button Pompon of rich, jewel-like amaranth purple. Distinctive for its overwhelming mass of bloom on sturdy stems. Sept.

BO-PEEP. Splendid pom for the border or cutting. Light blush pink ground with crimson center.

CHIQUITA. A lovely profuse bright yellow. Early.

DARK JEWEL PINK. A brilliant deep rosy purple that surely is very outstanding. New. Sept.

DELPHINE DODGE. A very nice light pink.

FUCHSIA FAIRY. One of the cutest Mums. Nicely shaped 12-inch plants covered with 12-inch flowers of a sparkling fuchsia shade. Sept.

GEM. A new bronze pom. Produces neat little flowers in great profusion. The plants are perfect and of upright growth.

MAGNOLIA. A free blooming large Button of soft pink and creamy white with soft yellow undertones. Early Sept.

MARQUITA. A sport of the lovely Rosita. Light bronze buttons with deeper centers and overall pinkish sheen. Late Sept.

PEPITA. Quilled Button Mum of cream white.

PINK JEWEL. Prolific blooming light pink. Late Sept.

PURPLE JEWEL. Another one that is pretty in bouquets with flowers of a lighter shade. Early Sept.

ROSITA. Compact light Persian rose Button Pompon. Bush completely covered with little pink flowers.

SEPTEMBER GOLD. A bright gold dwarf.

WHITE BOUQUET. Bushy medium height plant covered with beautiful perfect little white buttons with a pearl-like sheen.

YELLOW DOT. This is a real button type pom. Color is rich yellow and the small round flowers are produced in profusion.

YELLOW JEWEL. A very lovely buff yellow sport of Jewel. Late Sept.

RAYONANTE — Price 35c each

One Plant Each of the Following Rayonnante — 5 in All — for \$1.35

BUFF RAYONNANTE. A lovely buff flower with quilled petals. Disbud.

PINK RAYONNANTE. Orchid pink flowers of good size. Petals are tubular quilled, long and incurved.

SALMON RAYONNANTE. Rosy fawn—sport of Pink Rayonnante.

WHITE RAYONNANTE. Outstanding white sport from the Pink Rayonnante.

YELLOW RAYONNANTE. Same fine incurved quilled type—yellow.

IRIS

We grow the following Tall Bearded Iris. All our rhizomes are strong, healthy stock and will be shipped properly labeled. Visitors are more than welcome to visit and inspect our Iris fields at blooming time. Start shipping about July 1.

We Will Pay Postage on Orders of \$5.00 or More

GROUP I

\$4.00 Each Any 3 for \$10.00

CHERI. Deep shell pink of smooth substance, full red beard.

COLOR CARNIVAL. Combination pink and bright purple with tangerine beard—very colorful.

FANTASY. Lovely rose and orchid toned pink with tangerine beard.

PINNACLE. White standards with light yellow falls, grows tall and is outstanding in form and habits.

PRETTY QUADROON. Smooth metallic copper-brown with a hint of lavender and gold.

WHISPERS. Chrome yellow and flaring falls of amber white, large flowers of good substance and superb branching.

GROUP II

\$2.50 Each Any 3 for \$6.00

BELLE AMIE. Ruffled snow white ground and a broad border of rich gold.

CHINOOK PASS. Standard blue with falls of lavender blue, candelabra branching.

RUTH. Two-toned yellow with domed standards.

MELODY LANE. Bright golden apricot, very large and early blooming.

ROSE AMES. Combination lemon white and lavender blue, extra large flowers.

RIPPLES. Old lilac, falls of olive yellow.

GROUP III

\$1.50 Each Any 3 for \$4.00

TWILIGHT SKY. Pink buds and red beard—exceptional form and substance.

AUBURN. Vivid coppery henna, a new color in Iris.

BLACK RUBY. Almost a black-red, extra smooth and glossy. Increases rapidly.

CHAMOIS. Extra large chamois colored, outstanding in its color class.

FIRE DANCE. A burgundy-red plicata with flaring falls. Blooms abundantly.

LEILANI. An orange-pink which is outstanding and not duplicated in the Iris world.

RAINBOW ROOM. Standards are golden yellow, blending to pinkish buff at edge and a greenish midrib.

SPANISH PEAKS. Completely white, very nicely formed blooms.

SUNSET BLAZE. A huge golden flame-salmon blend, almost red but with a gold influence.

GROUP IV

\$1.00 Each Any 3 for \$2.50

AFAR. Orange sherbert toned pink. Strong grower.

AMANDINE. Cream with lemon tinge, ruffled and full flaring falls.

BANDED BEAUTY. Soft yellow with striking red markings.

DESERT SONG. Rich cream with broad ruffled petals. Outstanding in its color class.

DISTANCE. Light blue with silvery cast which reminds one of the blue of winter twilight.

GOLDEN RUSSET. As name implies, a large golden russet Iris.

GYPSY ROSE. Tapestry rose-red with copper haft.

PRIMIER PEACH. Peach toned with deep tangerine beard.

ROSE SPLENDOR. Coppery rose with an orange flush on the hafts.

STATEN ISLAND. A varigate with bright gold standards and flaring falls of velvety red edged in gold.

VOO DOO. Two-toned chocolate tan and rich red-maroon with brown falls. Its crimped and fluted edges make it an unusual creation.

IRIS - (Contd.)

GROUP V

75c Each Any 3 for \$2.00

- BLUE RHYTHM.** An award winner in the blue color class.
- CHANTELLY.** Large ruffled orchid with pin edges which resembles lace.

- RUSSET WINGS.** Combination of gold, copper and apricot.
- SHARON KAY.** Lilac with white beard.
- SUSITNA SUNSET.** A golden tinted blend of brown, yellows and reds.
- SUZETTE.** A clear creamy yellow.
- TIETON.** Tannish buff with white on the falls.

Dwarf Iris 50c Each

Dwarf Iris are miniature in size, ranging from 6 to 12 inches in height. Their blooming season starts in February. The rhizomes are small. They are ideal as rockery specimens, and adorable for border plantings. Planting and care is the same as for Tall Bearded Iris.

- ROYAL. Rich blue. FLORIDA. Yellow. FAIRLY. Pale blue.
ALBA. Cream. CYANEA. Red-purple.

IRIS - (Contd.)

You will find this group an array of color, choice hardy rhizomes which will be shipped properly labeled. We start digging our Iris about July 1, after they have bloomed and the rhizomes are well matured.

Each 35c 3 for \$1.00 12 for \$3.50 25 for \$6.50

Write for prices on quantities of 26 or more, stating varieties, from the following list. We are in a position to give you a very substantial reduction on most of them. We invite Garden Clubs and other Iris fanciers to pool their orders and save.

- ALPINE GLOW.** Rose tone shading to lilac with gold beard.
- AMENTI.** Tan and lavender blend.
- AND THOU.** Pale blue wedgewood, beards tipped with white.
- AVONDALE.** Shades of copper and purple.
- BANDMASTER.** A true blue.
- BERKELEY GOLD.** Rich brilliant deep yellow—extra large flowers.
- BLACK WINGS.** Nearest to black of the Iris family—fragrantly scented.
- BLENDED BEAUTY.** Beautiful golden bronze.
- BRONZINO.** A frosty golden bronze.
- BROWN BOY.** A nice rich brown that stands up well in its color class.
- BUFAWN.** A pinkish buff.
- CALIFORNIA GOLD.** A metallic yellow.
- CORTICA.** Rich yellow dotted with brown.
- DAY BREAK.** A medal winning Iris of gay pink with copper undertones.
